

JOB OPPORTUNITY

Our mission is to ensure long-term business relationships through customer satisfaction.

United Engineering Solutions GmbH (UES) is a growing and internationally operating maritime engineering company in the heavy lift shipping segment. UES offers a comprehensive service for shipping heavy lift, project, and breakbulk cargo as well as consultancy in nautical matters. We design steel structures for heavy cargo transportation, traverses and lifting beams, hatch covers, crane foundations, and jibs. UES develops operation manuals, method statements, lifting and stowage plans along with the calculation of se-cure lashing, on-site finalization, and supervision of projects. We provide innovative solutions for challenging projects. Get to know us at www.united.engineering

The UES team consists of experienced Captains, Nautical Officers, Cargo Superintendents, and Naval Architects. UES exclusively manages the UNITED GROUP's fleet of more than 20 MPP heavy lift vessels and 3 deck carriers. UES cooperates closely with our partner companies United Heavy Lift and United Wind Logistics.

Project Engineer (F/M/D)

YOUR MAIN RESPONSIBILITIES

- Coordinating engineering work across various departments
- Overall responsibility for the execution of the engineering part of the project
- Organizing and supervising (de-)mobilization of heavy transport vessels (grillage installation etc.)
- Preparation of technical documentation and reports
- Budget control of projects

YOUR QUALIFICATIONS

- Engineering background, preferably in the maritime industry
- Ability and experience to fulfill the above mentioned requirements
- Fluent English (written and spoken)
- Good communicative skills and team spirit

WE EXPECT

- Interest in maritime industry and their challenges
- Be able to work independently and execute projects from start to finish.
- Flexibility

WE OFFER

- Attractive salary package according to qualifications (incl. company pension scheme)
- Challenging projects
- Flexible working hours and the possibility to work from home
- Fringe benefits such as contribution to public transportation and company health care

United Engineering Solutions offers you a multifaceted and responsible position in an international company with a motivated and team-oriented working environment. We are looking forward to receiving your application, supported by your salary expectations and earliest possible date of entry by email to Philipp Tietjen and Thomas Heck: career@united.engineering (max. 2 attachments, in PDF format only).
